South Carolina Department of Health and Environmental Control  
Brownfields Program  
Site Assessment, Remediation, & Revitalization Division  
Bureau of Land and Waste Management

Quarterly Report for the City of Anderson Petroleum Brownfields Assessment Project

Time Period: July – September 2009

1. Development of an easy to use internet available list of known petroleum sites in the Anderson area has largely been completed. The Department is in the process of obtaining the 1961 Sanborn Fire Insurance Maps to complete the list. The draft map is hosted by Google and has approximately 475 sites.
